

DELIVER YOUR **OMNI-CHANNEL** STRATEGY WITH THE LATEST TECHNOLOGY AND **SIMPLE MONTHLY PAYMENTS**

Shoppers are becoming more digitally driven. The worlds of traditional commerce and e-commerce are merging. Retailers need digital technology to create a seamless shopping experience and to drive customer retention. At Econocom, we design bespoke finance solutions to assist your digital transformation across every touchpoint.

WHY FINANCE OPTIONS ARE COST EFFECTIVE?

- Pay less than the total costs of assets thanks to residual value.
- Remove investment peaks to preserve cash-flow.
- Match the cost of digital investment with the business benefit.
- Benefit from flexible payment to accommodate peak and non-peak periods.
- Preserve your cash for core retail activities.
- Warehouse costs until the go-live date.
- Refresh your digital solutions when you need, not just when your budget dictates.
